

THE MATRIX

Namaste

We really hope you enjoyed watching the movie once more. We also hope you could see it from a different perspective after these 3 weeks of yoga study.

Your homework is to write an essay analyzing the movie from a deeper perspective. Try to connect what you have learned up to now with the movie. Feel free to write any ideas that come to your head, don't restrain yourself from expressing your thoughts. There are NO wrong answers

Please deliver it before the end of next week.

Much Love
